Donation of Numberboards and Beet Gon to CSRM

The idea had been proposed that the Board consider donation of the original 913-A numberboards from the Kenneth J. Meeker / WP Corporate Archives collection currently owned by FRRS to CSRM for placement in the engine. Dr. Cheryl Meeker reportedly is in support of this as long as the numberboards are actually used on the locomotive and not placed in storage.

Motion 13-05-01

Motion: Transfer of Ownership of Two (2) Historical Artifacts from Feather River Rail Society (Western Pacific Railroad Corporate Archives/ Kenneth J. Meeker Collection) to California State Railroad Museum.

Description: Two (2) Original 33"x11 3/4"x3/8" translucent black on white locomotive identification "numberboards" for Western Pacific Railroad EMD Model F7A "913-A".

History: Original 1950-era "numberboards" for 1st Western Pacific F7A 913-A. Transferred to 2nd WP 913-A (original WP 920-A renumbered to WP 913-A) in October 1971. Ownership of "numberboards" transferred to Western Pacific employee Kenneth J. Meeker in late 1977 after WP 913-A was damaged and removed from service due to an internal fire. Last two public display/operational uses of these two original "913-A numberboards" was on the rehabilitated/repainted Western Pacific 913 during the inaugural run of April 24, 1978 and on May 19, 1978.

As per the Ten Year Fractional Donation Agreement between the FRRS and Dr. Cheryl L. Meeker covering the Western Pacific Railroad Corporate Archives/ Kenneth J. Meeker Collection, ownership of these two historical artifacts was transferred to the Feather River Rail Society during December 2012. This proposal transfers ownership of the two (2) historical artifacts to California State Railroad Museum at Sacramento for the reinstallation into Western Pacific F7A 913 for permanent public display. This proposal is made in memory of Kenneth J. Meeker and all Western Pacific Railroad employees during the years 1970 to 1983.
