

FEATHER RIVER RAIL SOCIETY – AGENDA REPORT

DATE: March 11, 2014
FROM: Matt Shuman
ITEM: New Business Item 3
SUBJECT: **Events for Portola Railroad Days 2014**

For the tentative Portola RR Days in August 2014, I would like to propose speeder operations again between trains. I have several party's already interested in operating during the event. I have not discussed this yet with Dave McClain whom I feel should always have the lead if he wishes.

So far I have:

- Mike Mitchell (MOW board and was always at Dunsmuir) [FRRS membership unknown]
- Sid & Jean Stoner (The sweet old couple from Oregon that were also always at Dunsmuir.) [FRRS membership unknown]
- Deb Harton (New to the speeder community, but a qualified, licensed operator.) [member in good standing]
- Backup operators Ron Huey & Matt Shuman "The Wooding's Brothers" [members always in good standing]

Only in the early planning stages, but plans need to be made just the same.

REQUESTED ACTION: Consensus direction to proceed.
