Confirmation emails have been sent out where I ask for headcounts on the Thursday depot mixer and the Sunday museum event. Numbers below are tentative, as some still have not responded or are not sure yet.

Thursday Depot Mixer 18

Sunday Museum Event 22 with 10 confirmed bus seats

I'm still attempting to contact 4 people who never responded to refund queries sent out in 2020 and 2021.

With the new mail-out flyer, if there's not a surge in pre-registrations soon, I can also send individual emails to all others who pre-registered in 2020 and 2021.

We have just under 4 weeks left in pre-registration.

There's at least 9 others known who should be registering in the near future.

While I don't have any expense numbers yet, using those from the SLC convention, I estimate we need about 18 more registrations to hit the break even point.
