

FEATHER RIVER RAIL SOCIETY

DATE: September 2022
ITEM: New Business Items 1 and 2
FROM: Eugene Vicknair

1 - CRANE CHARGES for LOADING WESTERN PACIFIC 302

I have finally found a crane company in Indiana that agreed to quote loading WP 302.

Barnhardt Crane has provided a quote to load the 302 for \$14,700. They have met with the crew out in Indiana and worked out the complete loading process.

I have spoken to 4 other crane companies, none of whom saw fit to provide a quote.

REQUESTED ACTION:

Approve expenditure of \$15,000 for crane loading in Indiana from expense account 52000 - . Acquisition / Deacquisition.

2 – WESTERN PACIFIC 302 FUNDRAISER

I have put together a FundRazr page to raise money to help offset the cost of moving and starting stabilization on the WP 302 Coach.

You can view the campaign website here: https://fundrazr.com/6243e5?ref=ab_eAB5u2

I propose offering 3 gifts for donations: a custom WP 302 pin for \$25, copies of “Diesel Locomotives of the Western Pacific” for \$100 and a Level A RAL for \$500. I am finalizing design of the pin with Sundance Marketing.

Please review and provide feedback. I would like approval to start the fundraiser immediately.

REQUESTED ACTION:

Approve fundraising campaign for WP 302 to go public..
