

FEATHER RIVER RAIL SOCIETY

DATE: May 2023
ITEM: Event Reports
FROM: Eugene Vicknair and Greg Elems

MOTORCAR DAY – May 14

The WCRG folks have confirmed about 6 motorcars for the event. We have been promoting the event, including an interview on radio KSUE. Some of the cars will be arriving Saturday afternoon / evening and I will be cooking dinner for the motorcar folks Saturday night in the “Silver Debris”. We are offering the motorcar operators ½ price memberships to get them signed up and under our insurance for added protection and as a thank you for bringing their cars to the museum.

SP / RLHS CONVENTION VISIT – May 18

As many of you are already aware, Roger discovered some mechanical issues with the WP 165 that must be addressed before we can schedule a new FRA inspection. As such, there will be no steam for this event. Talking to Greg about how to work around.

MEDIA DAY – May 18

With help from Big Fish, we have invited a good sized list of media and political persons relevant to the area. We have about 20 people RSVP'd, including representatives from Congressman Kiley's office, the City of Portola, State Assembly Dahle's office and several media outlets, as well as the Portola 192 developers.

We have the timetable worked out and I will be coordinating with everyone early this week on the various goings on as we get closer to the event.

WP CELEBRATION – May 20

I am setting up some help to cook breakfast in the “Silver Plate” for the volunteers and members the morning of the 20th.

MEMBERSHIP DINNER and MEETING – June 10

We need to determine what we are doing for the dinner and expand promotion of it.
