

## FEATHER RIVER RAIL SOCIETY

---

### General Superintendent's Report

Kerry Cochran

Date: September 5, 2023

Our operating season ended this last weekend, Labor Day weekend.

While the weekend was very wet Saturday and Sunday, Monday turned into a very nice day. Even with all the wet weather, we had a very good turnout of visitors and train riders.

There were several large families, and even one birthday boy, who did a rental.

Thank you to all the volunteers that gave up time to work at the museum on the caboose train this season.

While the museum remains open for the rest of September, volunteers are performing work around the facilities and working on equipment.

We have several new crewmembers this year, so if you do not recognize members working on the train crew or a newer member working around the museum, please stop and introduce yourself. All the new people are on the Operating Department Crew Roster web page. ([https://wplives.org/operating\\_dept\\_crew\\_members.html](https://wplives.org/operating_dept_crew_members.html))

Student Brakeman Des Powers continues working on his skills to become a qualified Brakeman. Nick Manos has become a qualified Brakeman and Conductor and is now working on Student Fireman and Student Hostler. Brian Waller has become a qualified Brakeman and has started work as a Student Conductor, Student Fireman and Student Hostler.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Kerry Cochran  
Director/General Superintendent
