

CZ "Silver Hostel" Purchased

As of May 13, 1999 the FRRS owns in full the Western Pacific Passenger Car Silver Hostel. The Bill of Sale and Sales Agreement were endorsed on May 12 by President Englert and signed on May 13 by Les Kastin of Illinois Transit Assembly Corp. Mr. Kastin received a cashiers check on May 13, 1999 along with his endorsed copy of the agreement. I personally want to thank Eugene Vicknair who discovered the car, the Board of Directors and especially the membership of the FRRS that supported the effort to save this car from a fate suffered by to many other cars from the CZ. It will become a centerpiece in our collection. We have a long road ahead with restoration but I believe it is a do-able project. With this car and our FP-7A #805A we will be able to start telling the story of the California Zephyr in a real and tangible way for the first time.

Quincy RR #3

(Continued from page 1)

bly so the railroad would not be confused with its larger connecting line. This unit, along with the later acquired 1942 Alco S-1, were donated to the Feather River Rail Society in 1997 by Sierra Pacific Industries after being replaced with an EMD SW-1200. The Alco S-1 No. 4 is the former WP 504 and SN 405.

Because of their friction bearing trucks they were not moveable on their own wheels to Portola and had to be loaded on flat cars for the movement. QRR No. 3 was loaded on our former HTTX flat car on May 15, 1998, using a borrowed set of Whiting jacks. The car was held at Quincy with the hope that the QRR No. 4 could be loaded on another car and the two moved to Portola together.

For a number of reasons the QRR No. 4 was not loaded and finally on March 27, 1999, the QRR No. 3 arrived in Portola. It was placed on our interchange track and entered the museum on April 7. The move for QRR No. 4 is still pending.

short notice trip to Alabama for job required training. Hopefully this won't happen again in the near future. Myself and the rest of the volunteer staff are working diligently to bring all of our publications back on a realistic and timely schedule. We all appreciate your patience during this transition.

We are always looking for member comments and input for our publications. If you have ideas or content for our publications please contact us.

Obituaries

We have lost two members recently, A. S. Kasper from Boise, Idaho and Earl McKenzie from Sacramento. Both were former Western Pacific employees. Mr. Kasper was purchasing manager and Mr. McKenzie was a machinist in the Sacramento shops.

It is also with a heavy heart that we report Life member, Peter Lyman's wife passed away. You may recognize Peter's name as head of the A&D committee.

Another member has also lost a loved one. CMO Hank Stiles' mother passed away recently after a long illness.

Our deepest sympathies and heartfelt condolences go out to the families.
